

**UA 1800**

This multi-purpose system also features arc stud welding, stick welding and arc air gouging. The UA 1800 welds all size arc studs from #10 (4 mm) through 7/8" (22 mm) diameter studs and all sizes of electrodes in stick mode and arc air gouging up to 750 amperes. The UA 1800 arc stud welding system features solid state full converter bridge output constant current output, chuck saver, line voltage compensated, regulated timing, fused control circuitry, controlled hot plunge, low open circuit voltage and reduced weld current start. The UA 1800 comes complete with one (1) heavy duty arc welding gun with legs and foot piece, one (1) 50-foot length of 4/0 combination cable extension set and one (1) 25-foot length of 4/0 ground cable with heavy duty "C" clamp. Weight: 650 lb. Dimensions: 22-1/4" wide x 40" deep x 30" high.

UA 2500

This heavy duty, multi-purpose system features arc stud welding, stick welding and arc air gouging. The UA 2500 welds all size arc studs from #10 (4 mm) through 1-1/4" (30 mm) diameter studs, and all sizes of electrodes in stick mode and arc air gouging up to 750 amperes. This powerful system features solid state full converter bridge output, constant current output, chuck saver, line voltage compensated, regulated timing, fused control circuitry, controlled hot plunge and reduced weld current start. The UA 2500 comes complete with one (1) heavy duty stud welding gun with legs and foot piece, one (1) 50-foot length of 4/0 combination cable extension set and one (1) 25-foot length of 4/0 ground cable with heavy duty "C" clamp. Weight: 850 lb. Dimensions: 27" wide x 40" deep x 40" high.
